We understand how confusing the new mandated health care law may seem to you. To help eliminate some of the frustration and help you better understand how the new bill affects your business, we invite you to join us for a special presentation.

Michael Reddy, President of Keystone Group Benefits Division, will highlight some of the key areas of the Patient Protection and Affordable Care Act (PPACA) that are critical to many employers and help you determine how it will affect your business.

What You Need to Know to Protect Your Business

Chappell, Smith & Associates is ready to help you tackle Health Care Reform. Our seminar will include the following topics and much more:

- The healthcare marketplace previously referred to as the “exchange”
- Future plan designs and rates
- Definitions of full-time, part-time, variable hour, and seasonal employees
- How to establish a measurement period for variable hour employees
- Understanding the pay or play mandate
- How to be compliant
- Planning for new taxes

Don't let health care reform sneak up on you - we can keep you informed and help you avoid penalties for noncompliance.
